

District Profile Template

On the first day of the workshop each district team will give a brief (3 minute) presentation on their district's professional development. In the interest of time, please limit your presentation to a synopsis of one issue of professional development with which your district has had success and one that is currently a challenge. Please bring a poster on a sheet of standard-sized easel paper (approximately 27" x 34") that can be folded and carried in your suitcase that addresses the questions below. To assist you in completing your poster, we will provide polaroid cameras on site the first day of the workshop. If you have any existing brochures or information on your project, please bring 45 copies to share with the group. These brief presentations are only the first in a series of opportunities to share our expertise, draw on each other's experience and develop a network for continued contact. ***Please bring your District Profile posters with you on the first day of the workshop.***

- 1) **District Name: (location)**
Name
Address
City, State, Zip
- 2) **Team Members Names: (titles)**
plus photos (you can leave a space on your poster and we will take Polaroids on the first day of the workshop, or you can use your own photos)
